## 1912-1914

Notes to the reader about the transcription of these minutes:

While most of the grammar, spelling, and abbreviations were kept as close as possible to what is handwritten in the original Preparative Meeting Minutes, corrections and changes have been made to improve the readability of the minutes. Curly brackets are used to surround words or parts of words that the editors could not read or decipher: { ? }, {?ene}, {Parkin?}. Curly brackets are also used to enclose editorial notes and changes made by the editors.

Parentheses are shown as they are found in the original minutes.

Blanks in the text are shown as they are found in the original minutes.

The spelling of names has been corrected wherever obvious misspellings have been found. Otherwise, the names are spelled as they appear in the minutes. Please note that sometimes several variations of the same name do occur.

Corrections and clarifications to people's names will be welcomed by the editorial staff. The goal is to make these minutes clear, accurate, and above all, useful to the reader.

Report of Peace Committee of Winchester Monthly Meeting 8th month 1st day 1913:

We have endeavored to keep before the public not only the principles of Peace, but the great importance of doing our part in changing the drift of public opinion relative to settling difficult problems between nations without recourse to arms. We have had a number of Peace sermons by our pastor, and an excellent address by Ex-Gov. Hauley. The 18th of June, the World's Peace Sunday was observed, and an instructive program given, and some Peace literature has been distributed.

Since last year some great conflicts have taken place between some of the smaller states in Europe and in Mexico, resulting in the slaughter of many. When we contemplate the awful expenditure of blood and treasure wasted in the last year, it should stimulate us to renew our efforts to hasten the day when "nation shall not lift up sword against nation, neither shall they learn war any more."

The following Peace Report was read and accepted.

Under a feeling of very great sadness and almost within the shadow of a great war cloud that is now threatening all Europe we submit this, our annual report.

And while we deeply deplore the unsettled condition of affairs in the Far East we are made to feel like the efforts we are now endeavoring to put forth are indeed very small, yet we dare not slacken in the good work neither let our hands hand down through discouragement. But let us as a church come often before a throne of grace, devoutly thanking our Heavenly Father for the Peace we are now enjoying with the nations of the earth, and that He will not only bless the leaders of our country in pacifying and settling Mexico, but that He will also, as He has done before so bless some of the leaders of our people that they may under divine blessing be enabled as it were to pour oil upon the troubled waters of Europe.

Our efforts the past year have been mostly on educational lines.

The committee appreciates the efforts put forth, not only from the pulpit but other faithful workers, also believing the good seed thus sown will bear fruit in time to come.

Peace Day was observed as usual with sermon in morning and in evening an address by Allen D. Hole of Earlham College. Twenty-eight copies of "Messenger of Peace" are now taken. Thirteen of these subscribers were secured by two young girls. Some Peace literature has been distributed. We earnestly solicit the cooperation of all peace loving members.

The Junior Society recently re-organized with Jennie Miller and Daisy Wysong as leaders gives promise of good work.

The total offerings or receipts of the school for the year was \$384.53 making a total in Treasury of \$450.08. Distributions or the amount paid out during the year was \$343.12 leaving balance July 31, 1914 of \$106.96. The average weekly offering of school for year was \$7.47. The largest was Dec. 7, 1913 which was \$13.07. The smallest was Aug. 18 which was \$4.94. The school has paid to foreign mission \$30.61. For county and state Sunday School association work \$5.00. For Sunday School song books, \$10.80. The school is in good prosperous condition and doing good work.

But in order to obtain the credits that it is otherwise entitled to its classes should hold charters. This doubtless is a very prominent weakness of the school when its grading is taken into account. The classes seem to be organized but have no charters. {Such?} action should be taken in order to obtain these charters so that the grading of the school may be advanced to its proper standing.
